

## Annual Learning Center Classrooms Additional Mandatory Training Signature Page

### ***Online Training Verification:***

Before signing this page, please be sure that you have **read and understand** all components of the online training documents listed below that provide information specifically identified for staff working in NRC Learning Center classrooms.

These are to be completed *in addition* to the Mandated Training required for all NRC staff. If you have questions about any part of these *additional* training documents, see your Program Coordinator or the Program Nurse working in your Learning Center classroom.

Once completed, **PRINT, check, sign and date this page**. Bring it to your Opening Day Orientation or submit at latest by the end of August.

**I have read and understand all components of the training documents checked below, including viewing the instructional video about how to use the EpiPen.**

<input type="checkbox"/>	<b>1. <u>Basic Health Concerns for Learning Center Classrooms</u></b> – includes: Standard Precautions, Seizure Interventions; Skin Observation & Assessing for Infection; Enteral Tubes ~ G-Tubes, J-Tubes & Associated Equipment; and Behavior Safety Plans
<input type="checkbox"/>	<b>2. <u>Bloodborne Pathogens</u></b> – instructional document
